

Jonathan Hinkins
Senior Consultant

Jonathan's leadership experience spans 4 continents. His background is in Multinational Fast Moving Consumer Goods Companies, where he held a variety of leadership positions before taking on the National Training Manager role in a new international acquisition. Here he developed a world class training programme and coached the Regional leadership team.

Jonathan returned to the UK to head up a national cross-functional team of 100 people in a failing part of the business. Here he successfully implemented the leadership practices that he had been developing abroad and transformed the business, which hit its sales targets for the first time in five years.

Jonathan is currently working with a variety of organisations including Barclays, Oxfam, The Department for Constitutional Affairs and The Australian Department of Trade & Commerce.

Jonathan's purpose is to enable people to be the best that they can be through leadership facilitation and coaching (of which he has logged over 2,500 hours).

His expertise is in bringing the theory to life and enabling individuals to make transformational change.
